* The following manufacturers have systems that have been viewed by most states as autoclaving technologies with no additional efficacy studies required for approval:

BFI Medical Waste Systems, Inc.
San-I-Pak, Inc.
SteriLogic Waste Systems
Tempico, Inc.

** Since February 1997, the following manufacturers have decided to discontinue selling medical waste treatment technologies, to market their systems outside the U.S., or to close their businesses:

Medical Materials & Technology
Medical Marketing International, Inc.
MediVators, Inc. (Disposal Sciences, Inc.)
SAS Systems, Inc. (GTH Roland)
Synthetica Technologies, Inc. (Scientific Ecology Group, Inc.)
Thermal Equipment Corporation
Thermokill, Inc.
