

P.176—P.182

Risk factors for diabetic choroidopathy in patients with diabetic retinopathy.

Shiragami C, Shiraga F, Matsuo T, Tsuchida Y, Ohtsuki H.

Graefes Arch Clin Exp Ophthalmol. 2002 Jun; 240(6): 436–42. Epub 2002 Apr 16.

P.186—P.201

Lipid hydroperoxide stimulates subretinal choroidal neovascularization in the rabbit.

Tamai K, Spaide RF, Ellis EA, Iwabuchi S, Ogura Y, Armstrong D.

Exp Eye Res. 2002 Feb; 74(2): 301–8.

Lipid hydroperoxide stimulates leukocyte–endothelium interaction in the retinal microcirculation.

Tamai K, Matsubara A, Tomida K, Matsuda Y, Morita H, Armstrong D, Ogura Y.

Exp Eye Res. 2002 Jul; 75(1): 69–75.

P.208—P.213

Correction of cyclovertical strabismus induced by limited macular translocation in a case of age-related macular degeneration.

Ohtsuki H, Shiraga F, Hasebe S, Kono R, Yamane T, Fujiwara H.

Am J Ophthalmol. 2001 Feb; 131(2): 270–2.

Selection for inferior limited macular translocation on the basis of distance from the fovea to the inferior edge of the subfoveal choroidal neovascularization.

Morizane Y, Shiraga F, Takasu I, Yumiyama S, Okanouchi T, Ohtsuki H.

Am J Ophthalmol. 2002 Jun; 133(6): 848–50.

P.219—P.225

Targeting of interferon to choroidal neovascularization by use of dextran and metal coordination.

Yasukawa T, Kimura H, Tabata Y, Kamizuru H, Miyamoto H, Honda Y, Ogura Y.

Invest Ophthalmol Vis Sci. 2002 Mar; 43(3): 842–8.

P.243—P.252

Thrombin regulates chemokine induction during human retinal pigment epithelial cell/monocyte interaction.

Yoshida A, Elnor SG, Bian ZM, Kunkel SL, Lukacs NW, Elnor VM.

Am J Pathol. 2001 Sep; 159(3): 1171–80.

P.265—P.271

Enhanced expression of adhesion molecules of the retinal vascular endothelium in spontaneous diabetic rats.

Nozaki M, Ogura Y, Hirabayashi Y, Saishin Y, Shimada S.

Ophthalmic Res. 2002 May–Jun; 34(3): 158–64.

P.283—P.307

Comparison of three techniques of foveal translocation in patients with subfoveal choroidal neovascularization resulting from age-related macular degeneration.

Ohji M, Fujikado T, Kusaka S, Hayashi A, Hosohata J, Ikuno Y, Sawa M, Kubota A, Hashida N, Tano Y.

Am J Ophthalmol. 2001 Dec; 132(6): 888–96.

Pathologic myopia: where are we now?.

Tano Y.

Am J Ophthalmol. 2002 Nov; 134(5): 645–60.
