Acknowledgements

We thank Dr. Joyce A. Goldstein and Dr. Yoshihiko Funae for providing CYP2C19*1A cDNA and pGYR1 vector, respectively. We also thank AstraZeneca R&D Mölndal (Mölndal, Sweden) for generously donating 5-hydroxyomeprazole. This work was supported in part by Health and Labor Sciences Research Grants from the Ministry of Health, Labor and Welfare, in part by Grants-in-Aid for Scientific Research from the Ministry of Education, Culture, Sports, Science and Technology of Japan, and in part by the Promotion of Fundamental Studies in Health Sciences from National Institute of Biomedical Innovation.
