

8:30-9:35

Chairpersons: Dr. Rakesh Tandon, Dr. Makoto Otsuki

1. What are the types of pancreatitis ? — Dr. Vay Liang W Go 5 min
2. What are the definitions and diagnostic criteria of acute pancreatitis ? Are there clinical subtypes of acute pancreatitis i.e. some ending in complete resolution, others culminating in some form of chronic changes or chronic pancreatitis ? — Dr. Suresh T Chari 10 min
- Discussion 15 min
3. What are the definitions and diagnostic criteria of chronic pancreatitis ? — Dr. Jiaming Qian / Dr. Naohiro Sata 20 min
- Discussion 15 min

9:35-10:30

Chairpersons: Dr. Vay Liang W Go, Dr. Pramod K Garg

4. Is recurrent acute pancreatitis a distinct entity or a mixed bag of different clinical types, some being early chronic pancreatitis ? — Dr. Myung-Hwan Kim 5 min
5. What are its definition and diagnostic criteria ? - — Dr. Pramod K Garg 10 min
- Discussion 10 min
6. What are the types of chronic pancreatitis ? — Dr. Joachim Mössner 10 min
7. Chronic calcifying or chronic calcific, chronic obstructive, senile or late onset chronic pancreatitis ? — Dr. Suresh T Chari 10 min
- Discussion 10 min

10:30-11:30

Chairpersons: Dr. Suresh T Chari, Dr. Tooru Shimosegawa

8. Does pancreatic fibrosis occur in the absence of CP, e.g., due to alcoholism, smoking, ageing etc ? In other words, can you get “bland” fibrosis without CP ? — Dr. Koichi Suda 10 min
- Discussion 10 min
9. What are the definition and diagnostic criteria of autoimmune pancreatitis ? — Dr. Kazuichi Okazaki 10 min

10. Is autoimmune a type of chronic pancreatitis ? Or should autoimmune pancreatitis be classified separately as a distinct entity ?
 — Dr. Terumi Kamisawa / Dr. Suresh T Chari 15 min
- Discussion 15 min

11:30-12:15
Chairpersons: Dr. Laszlo Czako, Dr. Jiaming Qian

11. What is early chronic pancreatitis ? What are its diagnostic criteria – EUS and PFT included ? How do we diagnose it ? What is the natural course of early chronic pancreatitis ?
- | | | |
|-----------------------------|---|--------|
| Definition: | Dr. Rakesh Tandon, Dr. Vay Liang W Go | 5 min |
| Diagnostic criteria: | Dr. Suresh T Chari | 5 min |
| Role of EUS: | Dr. Atsushi Irisawa / Dr. Pramod K Garg | 10 min |
| Role of PFT: | Dr. Laszlo Czako | 5 min |
| Natural course of Early CP: | Dr. Masaru Koizumi | 5 min |
| Discussion | | 15 min |

Concluding Remarks Dr. Rakesh Tandon, Dr. Makoto Otsuki

Total Time: Approx. 3 3/4 hours

International Consensus Meeting of Clinical Diagnostic Criteria for Autoimmune Pancreatitis in Kobe

**~ Clinical Questions and Answers for International Consensus of Diagnostic Criteria
for Autoimmune Pancreatitis ~**

Time : October 17, 2007 13:00-18:30

Venue : Quality Hotel Kobe
at the 5th floor (Castillia Hall)

6-1 Minatojima-Nakamachi, Chuoku , Kobe, Japan, 650-0046
Phone: (81) 78 303 5555 Fax: (81) 78 303 5560

The Quality Hotel Kobe is located on Port Island next to the **Kobe Chamber of Commerce and Industry**. Also located on Port Island are the **International Conference Center**, the **International Exhibition Hall** and **Kobe Portpia Hotel**, where APDW meeting will be held.

13:00-13:05

Opening Remark

Professor Makoto Otsuki

University of Occupational and Environmental Health, Japan, Kitakyushu, Japan

13:05-14:35

Session 1: Comparison of diagnostic criteria among Japan, Korea, and USA

Moderators: Makoto Otsuki, Jae Bock Chung

Overview (15 min)

Isao Nishimori, Kochi University, Kochi, Japan

Criteria in Japan comparing with others (15 min)

Kazuichi Okazaki, Kansai Medical University, Osaka, Japan

Criteria in Korea comparing with others (15 min)

Myung-Hwan Kim, Asan Medical Center, Seoul, Korea

Criteria in USA comparing with others (15 min)

Suresh T Chari, Mayo Clinic College of Medicine, Rochester, USA

Criteria in Europe comparing with other criteria (15min)

Matthias Löhr, University of Heidelberg and the Molecular Gastroenterology Unit,
Heidelberg, Germany

Discussion (15 min)

**Session 2: Clinical Questions and Answers for International Consensus of Diagnostic Criteria
for Autoimmune Pancreatitis**

14:35-15:20

I. Pancreas Imaging

Moderators: Kazuichi Okazaki , Myung-Hwan Kim

CQ1) Which combinations of pancreas imaging are most useful for diagnosis of AIP ?

CQ1-1) Is ERCP mandatory for pancreas imaging ?

Are ERCP findings specific for AIP ?

CQ1-2) Are CT findings diagnostic of AIP ?

CQ1-3) Is current high quality MRCP useful for diagnosis of AIP ?

A1) Terumi Kamisawa, Tokyo Metropolitan Komagome Hospital, Japan (15min)

Myung-Hwan Kim, Asan Medical Center, Seoul, Korea (15min)

Discussion (15 min)

15:20-15:50

II. Serology

Moderators : Terumi Kamisawa, Ji Kon Ryu

CQ2) What is the best combination of serological markers ?

**CQ2-1) Is presence of autoantibody useful for diagnosis ? What is the sensitivity,
specificity and positive predictive value of ANA, Rheumatoid factor, and
total IgG for diagnosis of AIP ?**

CQ2-2) Can high serum IgG4 differentiate AIP from pancreatic or biliary malignancy ?

A2) Shigeyuki Kawa, Shinshu University, Matsumoto, Japan (15min)

Discussion (15 min)

Coffee break 15:50-16:10

16:10-16:55

III. Histopathology

Moderators: Shigeyuki Kawa, Suresh T Chari

CQ3) Can only the pathological findings diagnose AIP irrespective of laboratory or radiological data ?

CQ3-1) Is fine needle aspiration and Trucut core biopsy satisfactory for diagnosing Lymphoplasmacytic sclerosing pancreatitis (LPSP) ?

A3-1) Nobumasa Mizuno, Aichi Cancer Center, Nagoya, Japan (15min)

CQ3-2) What are the minimum diagnostic criteria for LPSP ? Is abundant infiltration of IgG4-positive cells in the pancreas specific for AIP ?

A3-2) Kenji Notohara, Kurashiki Central Hospital, Kurashiki, Japan (15min)

Discussion (15 min)

16:55-17:45

IV. Steroidal responsiveness

Moderators: Isao Nishimori, Joachim Mössner

CQ4) Should steroid responsiveness be included in criteria ?

CQ4-1) How do we define response to steroids ?

Is a response to steroids diagnostic of AIP and does it exclude malignancy ?

A4-1) Terumi Kamisawa, Tokyo Metropolitan Hospital, Japan (15min)

CQ4-2) Are there pancreatic and/or biliary malignancy associated with AIP ?

A4-2) Hitoshi Yoshida, Showa University, Tokyo, Japan (10min)

Tetsuhide Ito, Kyushu University, Fukuoka, Japan (10min)

Discussion (15 min)

17:45-18:30

V. Extra-pancreatic lesions **Moderators: Tetsuhide Ito, Matthias Löhr**

CQ-5) Are extra-pancreatic lesions definitive for diagnosis ?

CQ5-1) How do we diagnose extrapancreatic lesions ?

CQ5-2) How do we confirm association with the pancreas and extra-pancreatic lesions ?

A5-1.2) Shigeyuki Kawa, Shinshu University, Matsumoto, Japan (15min)

Suresh T Chari, Mayo Clinic College of Medicine, Rochester, USA (15min)

Discussion (15 min)

18:30

Closing Remark

Professor Jae Bock Chung

Yonsei University, Seoul, Korea

Honorary President: Professor Yutaka Atomi, MD
University of Kyorin, Tokyo, Japan
President of Japanese Society of Gastroenterology

President: Professor Makoto Otsuki, MD
University of Occupational and Environmental Health, Japan, Kitakyushu, Japan
Chairman of Research Committee of Intractable Pancreatic Diseases, provided by
the Ministry of Health, Labor, and Welfare of Japan

Organizing Committee

Suresh T Chari, MD
Mayo Clinic College of Medicine, Rochester, MN, USA
Jae Bock Chung, MD
Yonsei University, Seoul, Korea
Terumi Kamisawa, MD
Tokyo Metropolitan Komagome Hospital, Tokyo, Japan
Shigeyuki Kawa, MD
Shinshu University, Matsumoto, Japan
Myung-Hwan Kim, MD
Asan Medical Center, Seoul, Korea
Matthias Löhr, MD
University of Heidelberg and the Molecular Gastroenterology Unit, Heidelberg, Germany
Kazuichi Okazaki, MD
Kansai Medical University, Osaka, Japan
Makoto Otsuki, MD
University of Occupational and Environmental Health, Japan,
Kitakyushu, Japan
Tooru Shimosegawa, MD
Tohoku University, Sendai, Japan
Masao Tanaka, MD
Kyushu University, Graduate School of Medical Sciences, Fukuoka, Japan

Secretary: Kazuichi Okazaki, MD

Department of Gastroenterology and Hepatology, Kansai Medical University, Japan
Tel: 81-72-804-0101, Fax: 81-72-804-2061, E-mail: okazaki@hirakata.kmu.ac.jp

Slide should be made in English.

English is preferable in Presentation and Discussion.

Japan-Korea Symposium on Autoimmune Pancreatitis (KOKURA 2008)

— Consensus Meeting for Asian Criteria of Autoimmune Pancreatitis —

Time : January 26 (Saturday), 2008 8:30-12:30

Venue : Rihga Royal Hotel Kokura
at the 4th floor (Sapphire)

2-14-2 Asano, Kita-ku, Kokura, Kitakyushu 802-0001, Japan
Phone: (81) 81-93-531-1121

President: Professor Makoto Otsuki, MD
University of Occupational and Environmental Health, Japan
Chairman of Research Committee of Intractable Pancreatic Diseases,
provided by the Ministry of Health, Labour, and Welfare, Japan

8:30-8:35

Opening Remarks

Makoto Otsuki (University of Occupational and Environmental Health, Japan)

8:35-9:35

Session 1. Consensus of Imaging, Histopathology and Other Organ Involvement Criterion

Moderators:

Tooru Shimosegawa (Tohoku University)

Myung-Hwan Kim (Asan Medical Center)

1. Can MRCP replace ERCP on diagnosis of AIP? (20min)

Kyutaek Lee (Sungkyunkwan University)

Terumi Kamisawa (Tokyo Metropolitan Komagome Hospital)

2. Can AIP be diagnosed histopathologically only by the presence of IgG4-positive cells? (20min)

Kenji Notohara (Kurashiki Central Hospital)

Myung-Hwan Kim (Asan Medical Center)

3. Should other organ involvement be included in Asian criteria? (20min)

Tetsuhide Ito (Kyushu University)

Kyutaek Lee (Sungkyunkwan University)

9:35-10:35

Session 2. Consensus of Steroid Responsiveness (60min)

Moderators

Seungwoo Park (Yonsei University)

Kazuichi Okazaki (Kansai Medical University)

4. Should steroid responsiveness be included in Asian criteria?

Myung-Hwan Kim (Asan Medical Center)

Isao Nishimori (Kochi University)

10:35-10:55 Coffee Break

10:55-12:25

Session 3. Proposal of Final Asian Criteria for AIP (90min)

Moderators

Jae Bock Chung (Yonsei University)

Makoto Otsuki (University of Occupational and Environmental Health, Japan)

5. Introduction of proposal of final Asian criteria for AIP

Terumi Kamisawa (Tokyo Metropolitan Komagome Hospital)

Panel Discussion:

Panelists

Tetsuhide Ito (Kyushu University)

Terumi Kamisawa (Tokyo Metropolitan Komagome Hospital)

Myung-Hwan Kim (Asan Medical Center)

Kyutaek Lee (Sungkyunkwan University)

Isao Nishimori (Kochi University)

Kenji Notohara (Kurashiki Central Hospital)

Kazuichi Okazaki (Kansai Medical University)

12:25-12:30

Closing Remarks

Jae Bock Chung (Yonsei University)

各種ワーキンググループ会議

1. 急性膵炎初期診療のコンセンサス改訂ワーキンググループ会議(第1回)

日時：平成19年6月28日(木) 17:30～

会場：福岡国際会議場

担当：伊藤鉄英(九州大学大学院病態制御内科学)

2. 急性膵炎初期診療のコンセンサス改訂ワーキンググループ会議(第2回)

日時：平成19年10月18日(木) 13:45～15:30

会場：クオリティホテル神戸

担当：伊藤鉄英(九州大学大学院病態制御内科学)

3. 硬化性胆管病変についての共同ワーキンググループ^{*}会議(第3回)

日時：平成19年10月18日(木) 15:30～75:00

会場：クオリティホテル神戸

担当：西森 功(高知大学医学部消化器病態学)

^{*}難治性膵疾患に関する調査研究班と難治性の肝・胆道疾患に関する調査研究班
(主任研究者 大西 三朗)による共同のワーキンググループ

厚生労働科学研究費補助金
難治性疾患克服研究事業

難治性膵疾患に関する調査研究
