726	p4.02	essential qi deficiency pattern/syndrome	精氣虧虛證	2.5.75	a pattern/syndrome arising from deficiency of essential qi, marked by emaciation, dizziness, tinnitus, short and slight of stature, slow in movements, low intelligence, or by infertility, sterility, impotence and premature ejaculation
727	p5	disease cause pattern identification/syndrome differentiation	病因辨證	2.6.1	categorization of patterns/syndromes according to pathological conditions attributable to different kinds of causal factors for making diagnosis
728	p5.01	internal wind pattern/syndrome	內風證	2.6.3	any pattern/syndrome of internal wind stirring in the interior, manifested by dizziness and blurred vision, numbness of the limbs, tremors, convulsions or pruritus
729	p5.02	wind-stroke block pattern/syndrome	中風閉證	2.6.4	a pattern/syndrome of wind-stroke characterized by blockage of the orifices manifested by sudden loss of consciousness, hemiplegia, clenched jaw and clenched hands
730	p5.03	wind-stroke collapse pattern/syndrome	中風脫證	2.6.5	a pattern/syndrome of wind-stroke characterized by desertion of yang qi, manifested by sudden loss of consciousness, closed eyes with opened mouth, faint breathing, flaccid paralysis of the limbs, profuse cold sweats, and incontinence of urine and feces
731	p5.04	excess heat pattern/syndrome	實熱證	2.6.6	a pattern/syndrome caused by excessive pathogenic heat while the body resistance is still sufficient with intense reaction, marked by high fever with restlessness, constipation, large or slippery rapid pulse
732	p5.05	pattern/syndrome of cold in the middle	中寒證	2.6.8	a deficiency-cold pattern/syndrome of the middle energizer arising from insufficiency of yang qi and impaired splenic transportation and transformation, manifested by abdominal pain that can be relieved by warmth and pressure, cold limbs, reduced food intake, loose stool, etc.
733	p5.06	summerheat pattern/syndrome	暑證	2.6.9	any pattern/syndrome resulting from contraction of summerheat and marked by high fever with sweating, thirst, shortness of breath, lassitude, cumbersome limbs, short voidings of dark-colored urine, reddened tongue and rapid vacuous pulse
734	p5.07	pattern/syndrome of summerheat and cold-dampness	暑兼寒濕證	2.12.25	a pattern/syndrome arising when a combination of summerheat and cold-dampness attacks the exterior of the body, marked by headache, fever, aversion to cold, absence of sweating, epigastric oppression, irritable disposition and thin slimy tongue coating
735	p5.08	summerheat-heat pattern/syndrome	暑熱證	2.12.27	a pattern/syndrome of summerheat marked by fever, thirst, listlessness, shortness of breath, irritable disposition, dizziness, sweating, short voidings of yellow urine, reddened tongue with dry yellow coating and large surging pulse

Wid	TM code	Term	Chinese	IST	Definition /Description
736	p5.09	summerheat-dampness pattern/syndrome	暑濕證	2.12.28	a pattern/syndrome caused by a combination of summerheat and dampness, marked by fever, vexation, sensation of pressure in the chest, nausea and vomiting, reddened tongue with yellow slimy coating, and rapid slippery pulse
737	p5.10	pattern/syndrome of summerheat entering yang brightness	暑入陽明證	2.12.29	a pattern/syndrome attributed to exuberant summerheat that enters yang brightness, i.e., the qi aspect, marked by intense fever, profuse sweating, irritable disposition, headache with dizziness, reddened face, coarse breathing, thirst, dry teeth, yellow dry tongue coating, large surging pulse or large surging hollow pulse
738	p5.11	pattern/syndrome of summerheat damaging fluid and qi	暑傷津氣證	2.12.30	a pattern/syndrome caused by summerheat which consumes qi and damages fluids, and manifested by fever with sweating, strong thirst, irritable disposition, flushed face, listlessness, lack of strength, shortness of breath, short voidings of deep-colored urine, reddened tongue with dry yellow coating, and large floating weak pulse
739	p5.12	pattern/syndrome of summerheat-heat stirring wind	暑熱動風證	2.12.31	a pattern/syndrome of summerheat marked by high fever, loss of consciousness, convulsion, opisthotonos and trismus
740	p5.13	pattern/syndrome of summerheat blocking qi movement	暑閉氣機證	2.12.32	a pattern/syndrome of summerheat marked by sudden fainting, fever without much sweating, reversal cold of limbs, dyspnea, lockjaw, or nausea, vomiting and abdominal pain
741	p5.14	dampness pattern/syndrome	濕證	2.6.10	any pattern/syndrome resulting from contraction of external dampness or from dampness arising within, marked by physical fatigue, heavy cumbersome limbs, heavy-headedness, poor appetite, abdominal distention, sloppy stool, slippery and slimy tongue coating, and soggy relaxed pulse
742	p5.15	external dryness pattern/syndrome	外燥證	2.6.11	a general term for patterns/syndromes caused by climatic dryness, commonly manifested by dry skin, dry nose, mouth and throat or dry cough
743	p5.16	internal dryness pattern/syndrome	內燥證	2.6.12	any pattern/syndrome of dryness due to consumption of body fluids, manifested by emaciation, withered skin, dry throat, parched lips, thirst, oliguria, constipation, furless reddened tongue and rapid fine pulse
744	p5.17	cool dryness pattern/syndrome	涼燥證	2.6.13	pattern/syndrome due to coolness and dryness in autumn, marked by headache, more chills than fever, absence of sweating, dryness of the nasal cavity and lips, cough with scanty expectoration, thin and dry whitish tongue fur, and floating and tense pulse

W id	TM code	Term	Chinese	IST	Definition/Description
745	p5.18	warm dryness pattern/syndrome	溫燥證	2.6.14	pattern/syndrome caused by exopathic warmth and dryness in autumn, marked by fever with slight aversion to wind and cold, dryness of the nasal cavity and lips, thirst, dry cough with scanty expectoration, fidgetiness, thin yellowish tongue fur, and rapid and floating pulse
746	p5.19	pattern/syndrome of dryness affecting the clear orifices	燥乾清竅證	2.6.15	a pattern/syndrome marked by dry nose, mouth and eyes with lack of nasal mucus, saliva and tears
747	p5.20	dryness bind pattern/syndrome	燥結證	2.6.16	a pattern/syndrome marked by constipation due to deficiency of fluids in the gastrointestinal tract
748	p5.21	excess fire pattern/syndrome	實火證	2.6.17	a pattern/syndrome caused by intense pathogenic fire, most commonly affecting the stomach and intestines or the liver and gallbladder, and characterized by high fever, headache, red eyes, bitter taste in the mouth, dry mouth and thirst for cold drink
749	p5.22	pattern/syndrome of deficiency fire flaming upward	虛火上炎證	2.6.19	a pattern/syndrome arising when insufficient yin fails to inhibit fire, marked by dry and sore throat, vexation, insomnia, dizziness, tinnitus, forgetfulness, heat in the palms and soles, night sweating, or red eyes, ulcers of the tongue or mouth, reddened tender-soft tongue and rapid fine pulse
750	p5.23	pus pattern/syndrome	膿證	2.6.20	a pattern/syndrome marked by purulent discharge from an ulcerative lesion with stinking fetid smell, accompanied by fever, thirst, curdy and slimy tongue coating, and rapid slippery pulse
751	p5.24	food accumulation pattern/syndrome	食積證	2.6.21	a pattern/syndrome marked by epigastric and abdominal distention, vomiting of sour matter, anorexia, offensive odor of stools, curdy and slimy tongue coating, the same as the food stagnation pattern/syndrome
752	p5.25	worm accumulation pattern/syndrome	蟲積證	2.6.22	a general term for patterns/syndromes caused by intestinal accumulation of parasitic worms, often marked by abdominal distention or pain, emaciation, lack of strength and sallow complexion
753	p5.26	wind-phlegm pattern/syndrome	風痰證	2.6.23	a pattern/syndrome attributable either to external wind with phlegm or to liver wind with phlegm, marked by expectoration of foamy sputum, fullness and oppression in the chest, dizziness, and distending pain of the head and eyes, or marked by phlegmatic sounds in the throat, numbness of limbs, and even loss of consciousness with aphasia, and deviated eye and mouth

W id	TM code	Term	Chinese	IST	Definition/Description
754	p5-27	cold-phlegm pattern/syndrome	寒痰證	2.6.24	a pattern/syndrome marked by cough with whitish expectoration, dyspnea or wheezing, aversion to cold with cold limbs, white slimy tongue coating, and wiry slippery or tense pulse
755	p5-28	heat-phlegm pattern/syndrome	熱痰證	2.6.25	a pattern/syndrome arising when turbid phlegm combined with pathogenic heat accumulates in the lung and harasses the heart, marked by cough with yellowish expectoration, vexing stuffiness in the chest, fever, thirst, palpitations, insomnia, short voidings of deep-colored urine, reddened tongue with yellow greasy slimy coating and rapid slippery pulse
756	p5-29	dryness-phlegm pattern/syndrome	燥痰證	2.6.26	a pattern/syndrome due to accumulation of dryness-heat and phlegm-turbidity in the lung, marked by cough with scanty sticky sputum difficult to spit out, or blood streaked sputum, chest pain with oppression feeling, dry nose and mouth, tongue with scanty moisture but slimy coating, and thin choppy pulse
757	p5-30	blood stasis-phlegm pattern/syndrome	瘀痰證	2.6.27	a pattern/syndrome arising when turbid phlegm combined with static blood obstructs the qi movement, marked by formation of masses with local stabbing pain, or numbness and wilting of the limb, oppression in the chest with expectoration of profuse sputum or dark bloody sputum, purple tongue or purple spots on the tongue, slimy coating and string-like rough pulse
758	p5-31	purulent phlegm pattern/syndrome	膿痰證	2.6.28	a pattern/syndrome marked by expectoration of pus or purulent sputum
759	p5-32	dampness-phlegm pattern/syndrome	濕痰證	2.6.29	a pattern/syndrome due to accumulation of dampness phlegm in the lung, marked by cough with profuse expectoration, heaviness sensation of the limbs, feeling of stuffiness in the chest, reduced food intake, stickiness of the mouth, white slimy tongue coating and slippery pulse
760	p5-33	pattern/syndrome of binding of phlegm and qi	痰氣互結證	2.6.30	a pattern/syndrome marked by depressed mood, insomnia, dream-disturbed sleep, a sensation of a foreign body in the throat which can be neither swallowed nor ejected, fullness and oppression in the chest, and profuse sputum; white and slimy tongue coating, and slippery string-like pulse
761	p5-34	pattern/syndrome of internal harassment of phlegm-heat	痰熱內擾證	2.6.31	a pattern/syndrome arising when phlegm-heat disturbs the spirit and impedes the qi movement, marked by cough with yellow thick expectoration, dyspnea, fever, thirst, vexation, insomnia, dream-disturbed sleeping, reddened tongue with yellow slimy coating and rapid slippery pulse

W id	TM code	Term	Chinese	IST	Definition/Description
762	p5-35	pattern/syndrome of internal block of phlegm-heat	痰熱内閉證	2.6.32	a pattern/syndrome arising when phlegm-heat in the interior obstructs and blocks the heart-spirit, manifested by impaired consciousness, delirium or mania associated with fullness, oppression and scorching pain in the chest, cough, dyspnea and expectoration of yellow thick sputum, fever, and thirst, or in some cases, sudden onset of unconsciousness with whizzing in the throat, reddened tongue with yellow slimy coating and slippery pulse
763	p5-36	pattern/syndrome of phlegm-heat stirring wind	痰熱動風證	2.6.33	a pattern/syndrome marked by convulsions or vertigo associated with fullness and oppression in the chest, cough, dyspnea and expectoration of yellow thick sputum, fever, thirst, or nausea and vomiting, reddened tongue with yellow slimy coating and rapid slippery pulse
764	p5-37	pattern/syndrome of lingering phlegm nodule	痰核留結證	2.6.34	a pattern/syndrome marked by lumps below the skin particularly of the neck, which are movable, round, firm and slippery under the finger, without redness, hotness or pain
765	p5-38	pattern/syndrome of blood stasis with wind-dryness	血瘀風燥證	2.6.35	a pattern/syndrome arising when internally retained static blood gives rise to dryness and wind, and manifested by encrusted skin, desquamation and itching, associated with vertigo, numbness of the limb, purplish tongue or appearance of purple spots on the tongue, and fine choppy pulse
766	p5-39	pattern/syndrome of blood stasis with water retention	血瘀水停證	2.6.36	a pattern/syndrome marked by formation of mass in the abdomen with stabbing pain, enlarged and distended abdomen, inhibited urination, purplish tongue or appearance of purple spots on the tongue, and fine choppy pulse
767	p5-40	pattern/syndrome of internal obstruction of cold-dampness	寒濕内阻證	2.6.37	a pattern/syndrome marked by heaviness feeling of the head and body, joint pain with inhibited bending and stretching, absence of sweat, or edema of the face and limbs, loose stools, and dysuria; white and moistened tongue coating and slippery pulse
768	p5-41	pattern/syndrome of congealing cold with blood stasis	寒瘀血凝證	2.6.38	a pattern/syndrome arising when pathogenic cold obstructs qi movement and blood flow, manifested by pain aggravated by cold and alleviated by warmth, cold and cyanotic limbs, and delayed menstruation, painful periods, menstrual discharge of dark purple blood with clots, dark purple tongue with white coating, and sunken, slow and choppy pulse

W id	TM code	Term	Chinese	IST	Definition /Description
769	p5-42	blood cold pattern/syndrome	血寒證	2.6.39	a pattern/syndrome that arises when congealing cold and qi stagnation inhibit the movement of blood and give rise to blood stasis, commonly manifested by cold pain of the extremities with dark purple skin or cramps in the lesser abdomen that are relieved by warmth and exacerbated by cold, delayed menstruation and dark purple menstrual discharge with blood clots, white tongue coating and sunken, slow and choppy pulse
770	p5-43	pattern/syndrome of retained dampness-heat toxin	濕熱毒蘊證	2.6.40	a pattern/syndrome marked by redness, swelling, ulceration and exudation of the hand, foot, ear, nose, head, face or genital region, or by fever, jaundice, impaired consciousness, eruptions, reddened tongue and rapid soggy pulse
771	p5-44	pattern/syndrome of dampness-heat pouring downward	濕熱下注證	2.6.41	a pattern/syndrome marked by frequent and painful urination, or yellow fetid discharge from the vagina, or ulceration of the leg with purulent discharge
772	p5-45	pattern/syndrome of dampness-heat obstructing qi movement	濕熱鬱阻氣機證	2.12.21	a pattern/syndrome arising when the dampness-heat pathogen obstructs qi movements, marked by fever, lassitude, aching limbs, thoracic oppression and abdominal distension, nausea, vomiting, reddish urine, and white slimy or slimy turbid tongue coating
773	p5-46	pattern/syndrome of dampness predominating over heat	濕重於熱證	2.12.22	a pattern/syndrome marked by unsurfaced fever, thirst without appreciable intake of fluid, heavy feeling of the head and cumbersome limbs, impaired urination, diarrhea, reddened tongue with yellowish slimy coating, and slightly rapid and slippery pulse
774	p5-47	pattern/syndrome of heat predominating over dampness	熱重於濕證	2.12.23	a pattern/syndrome marked by fever, thirst, reddened face and eyes, cumbersome limbs and head, ungratifying loose bowels, short voidings of little urine, reddened tongue with yellow slimy coating and rapid slippery pulse
775	p5-48	spreading dampness-heat pattern/syndrome	濕熱漫淫證	2.12.24	a pattern/syndrome marked by redness, swelling, itching, ulceration and exudation of the eyelid, ear, nose, mouth angle, fingers or toes
776	p5-49	pattern/syndrome of pestilential toxin pouring downward	瘟毒下注證	2.6.42	a pattern/syndrome marked by downward pouring of the pestilential toxin, e.g., painful swelling of the testis in mumps
777	p5-50	wind-toxin pattern/syndrome	風毒證	2.6.43	a pattern/syndrome due to wind-toxin attack on the skin and flesh, marked by sudden onset of edema, with numbness, itching and pain, or appearance of wheals, redness and swelling of face, eyes, nose and mouth

W id	TM code	Term	Chinese	IST	Definition/Description
778	p5-51	wind-fire-heat toxin pattern/syndrome	風火熱毒證	2.6.44	a pattern/syndrome due to accumulation of wind-fire-heat toxin in the skin and flesh, marked by formation of boils, abscess or carbuncle accompanied by itching, numbness and scorching pain or suppuration and ulceration accompanied by high fever, crimson tongue with brownish yellow coating and rapid surging pulse
779	p5-52	fire toxin pattern/syndrome	火毒證	2.6.45	a pattern/syndrome caused by toxin derived from exuberant heat-fire retaining in the skin and subcutaneous tissue, marked by local redness, swelling and burning pain, followed by abscess formation and accompanied by fever, thirst, reddened tongue with yellow coating, and rapid pulse
780	p5-53	pattern/syndrome of inward invasion of fire toxin	火毒內陷證	2.6.46	a syndrome arising when exuberant fire-heat toxin penetrates into the internal organs, usually manifested by high fever with thirst, delirium, constipation, dark-colored urine, crimson tongue with yellow coating and rapid sunken pulse
781	p5-54	yin toxin pattern/syndrome	陰毒證	2.6.47	a pattern/syndrome arising when toxin derived from yin-cold accumulates, usually manifested by local diffuse swelling with cold pain that is relieved by warmth and failure to suppurate and rupture, or contains thin foul-smelling pus, accompanied by aversion to cold and cold limbs, white tongue coating and sunken pulse
782	p5-55	pattern/syndrome of inward attack of snake venom	蛇毒內攻證	2.6.48	a pattern/syndrome arising after snake-bite when the snake venom invades the internal organs, marked by headache and dizziness, oppression in the chest, dyspnea, cold sweats and cold limbs, or loss of consciousness
783	p5-56	calculus obstruction pattern/syndrome	石阻證	2.6.49	a pattern/syndrome caused by calculus obstruction, marked by distending pain or colicky pain in the right hypochondrium or in the lumbar region referring to the lesser abdomen
784	p5-57	wind-cold pattern/syndrome	風寒證	2.6.50	a pattern/syndrome caused by externally contracted wind and cold, and manifested by pronounced aversion to cold with mild fever, headache, generalized pain, absence of sweating, stuffy and runny nose with watery discharge, thin white and moistened tongue coating, and floating pulse
785	p5-58	wind-heat pattern/syndrome	風熱證	2.6.51	a pattern/syndrome caused by externally contracted wind and heat, and manifested by pronounced fever and mild aversion to cold, cough, thirst, reddened tongue margins and tip, slightly yellow coating and rapid floating pulse

W id	TM code	Term	Chinese	IST	Definition/Description
786	p5.59	pattern/syndrome of wind-heat with epidemic toxin	風熱疫毒證	2.12.17	a pattern/syndrome marked by chills and fever, redness and swelling of the head and face, painful swollen throat, skin eruption, agitation, thirst, headache, nausea, crimson tongue and rapid surging pulse
787	p5.60	wind-dampness pattern/syndrome	風濕證	2.6.53	a pattern/syndrome caused by externally contracted wind and dampness in combination, manifested by generalized pain, heaviness feeling of the body, joint pain with inhibited articular movement
788	p5.61	wind-dryness pattern/syndrome	風燥證	2.6.54	a pattern/syndrome caused by externally contracted wind and dryness in combination, and manifested by headache, fever, aversion to wind, absence of sweating, dry nose, lips, throat and skin, dry cough, thin and dry tongue coating
789	p5.62	dampness toxin pattern/syndrome	濕毒證	2.6.56	a pattern/syndrome arising when accumulated dampness turns into toxin and marked by a lingering course difficult to cure, and presence of turbid secretions
790	p5.63	cold-dampness pattern/syndrome	寒濕證	2.6.57	(1) a pattern/syndrome that arises when the movement of qi and blood is impeded by cold and dampness in combination, and is marked by joint, muscle and bone pains; (2) a pattern/syndrome that arises when dampness harasses the spleen and stomach and cold causes damage to spleen yang, or water-fluid retained in a case of spleen-kidney yang deficiency, and is marked by aversion to cold, cold limbs, abdominal distension, diarrhea or edema
791	p5.64	dampness-heat pattern/syndrome	濕熱證	2.6.58	a pattern/syndrome caused by a combination of dampness and heat, either of external or of internal origin, with different manifestations according to location, e.g., jaundice when dampness-heat accumulates in the liver and gallbladder, leukorrhea when dampness-heat pours down, and diarrhea for dampness-heat in the intestines
792	p5.65	yin summerheat pattern/syndrome	陰暑證	2.6.59	a pattern/syndrome that results from exposure to wind or drafts or to excessive consumption of cold drinks in the hot summer, and is manifested by fever, headache, aversion to cold, absence of sweating, and generalized pain; and in some cases, vomiting, diarrhea and abdominal pain
793	p5.66	phlegm-dampness pattern/syndrome	痰濕證	2.6.60	a pattern/syndrome that arises when dampness gathers to form phlegm, with different manifestations according to location: cough with profuse whitish expectoration and oppression in chest if phlegm obstructs the lung, and epigastric stuffiness, reduced food intake, and greasy taste in the mouth if phlegm accumulates in the spleen. The general signs of phlegm-dampness are white slimy tongue coating and slippery pulse

W id	TM code	Term	Chinese	IST	Definition/Description
794	p6	qi-blood pattern identification/syndrome differentiation	氣血辨證	2.7.1	categorization of patterns/syndromes according to the state of qi and blood
795	p6.01	qi deficiency pattern/syndrome	氣虛證	2.7.2	a pattern/syndrome of deficiency of genuine qi with diminished function of internal organs, marked by shortness of breath, lassitude, listlessness, spontaneous sweating, pale tongue and weak pulse
796	p6.02	qi sinking pattern/syndrome	氣陷證	2.7.3	a pattern/syndrome resulting from failure in its lifting or holding function, marked by dizziness, blurred vision, shortage of qi, lassitude, prolapse of the anus, prolapse of the uterus or visceroptosis, pale tongue with white coating and weak pulse
797	p6.03	qi stagnation pattern/syndrome	氣滯證	2.7.4	a pattern/syndrome resulting from stagnation of qi, marked by intermittent thoracic, hypochondriac, epigastric and abdominal distention or pain, often ameliorated by sighing or belching
798	p6.04	qi counterflow pattern/syndrome	氣逆證	2.7.5	a pattern/syndrome arising when qi moves abnormally upward, manifested by cough and dyspnea, or nausea, vomiting, hiccup, belching or even hematemesis, or feeling of gas ascending from the lesser abdomen to the chest or throat with distension and oppression, headache and vertigo
799	p6.05	qi block pattern/syndrome	氣閉證	2.7.6	a pattern/syndrome marked by sudden loss of consciousness with restlessness, trismus and contracture of limbs, or by colicky pain in the chest and abdomen, or by sudden onset of panting with cyanosis, or by fecal retention and urinary block
800	p6.06	qi collapse pattern/syndrome	氣脫證	2.7.7	a pattern/syndrome marked by sudden appearance of profuse sweating, somber pale complexion, cyanotic lips, cold extremities, feeble breathing, even fainting or loss of consciousness with incontinence of urine, pale tongue and hardly perceptible pulse
801	p6.07	inhibited qi movement pattern/syndrome	氣機不利證	2.7.9	a pattern/syndrome that arises when impeded, obstructed or stagnant qi flow impairs the functions of viscera and meridians/channels and is marked by sensation of oppression, distension, and pain associated with frequent sighing, depressed mood and string-like pulse
802	p6.08	stagnant qi movement pattern/syndrome	氣機鬱滯證	2.7.10	a pattern/syndrome caused by stagnation of qi movement, marked by feeling of oppression, distension and pain with a tendency to sighing, emotional depression and string-like pulse
803	p6.09	qi depression pattern/syndrome	氣鬱證	2.7.11	a pattern/syndrome marked by feeling of distension in the chest, pain in the hypochondriac region, irritability, irascibility, anorexia and menstrual disorders in women, the same as the qi stagnation pattern/syndrome

805	p6.11	pattern/syndrome of congealing cold with qi stagnation	寒凝氣滯證	2.7.13	a pattern/syndrome that arises when pathogenic cold hampers the qi movement and qi transformation and is characterized by various pains, such as general pain, headache, painful and rigid neck, back pain and lumbago, epigastric and abdominal pain with cold feeling, pain of extremities and joints
806	p6.12	sunken middle qi pattern/syndrome	中氣下陷證	2.7.14	a pattern/syndrome marked by bearing-down sensation in the epigastrium and abdomen, protracted diarrhea, even prolapse of rectum or visceroptosis
807	p6.13	pattern/syndrome of qi deficiency with failure to constrain	氣虛不攝證	2.7.15	a pattern/syndrome arising when failure of insufficient qi in constraint leads to loss of liquid substances, marked by seminal emission, incontinence of urine, spontaneous sweating, hemorrhages, lusterless complexion, lassitude, lack of strength, pale and plump tongue, and weak pulse
808	p6.14	qi deficiency fever pattern/syndrome	氣虛發熱證	2.7.16	a pattern/syndrome marked by a low persistent fever exaggerated by physical exertion, associated with fatigue, lack of strength, shortness of breath, pale tongue and weak pulse
809	p6.15	pattern/syndrome of qi deficiency with dampness obstruction	氣虛濕阻證	2.7.17	a pattern/syndrome marked by listlessness, lassitude, reduced food intake, shortness of breath, heaviness feeling of the head and body, abdominal distension, diarrhea and soggy weak pulse
810	p6.16	pattern/syndrome of qi deficiency with water retention	氣虛水停證	2.7.18	a pattern/syndrome marked by edema of limbs, inhibited urine, heaviness feeling of the head and body, distension, pain and a feeling of pressure in the chest, epigastrium and abdomen, and pale tongue with white slippery coating
811	p6.17	pattern/syndrome of qi deficiency with external contraction	氣虛外感證	2.7.19	a pattern/syndrome marked by aversion to cold, fever, spontaneous sweating, headache, stuffy nose, feeble voice, lassitude, lack of strength and shortness of breath
812	p6.18	pattern/syndrome of dual deficiency of qi and yin	氣陰兩虛證・氣陰虧虛證	2.7.20	a pattern/syndrome marked by listlessness, lack of strength, shortness of breath, reluctance to speak, dry throat and mouth, vexing thirst, flushed cheeks in the afternoon, short voidings of small amount of urine, constipation, emaciation, scanty dry tongue coating and vacuous pulse

W id	TM code	Term	Chinese	IST	Definition/Description
813	p6.19	blood deficiency pattern/syndrome	血虚證	2.7.21	a pattern/syndrome marked by pale or sallow complexion, pale lips and nails, dizziness, dimmed vision, palpitations, numbness of extremities and fine pulse
814	p6.20	blood collapse pattern/syndrome	血脫證	2.7.22	a critical pattern/syndrome occurring in cases of acute massive bleeding, marked by pallor, dizziness, palpitations, faint and short breathing, cold extremities and even mental confusion, pale tongue, hollow pulse or hardly perceptible pulse
815	p6.21	blood stasis pattern/syndrome	血瘀證	2.7.23	a pattern/syndrome marked by formation of visible painful and tender purple mass, or abdominal mass with stabbing pain and tenderness, or bleeding of dark purple blood with clots, dark purple tongue, and fine choppy or irregular pulse
816	p6.22	blood amassment pattern/syndrome	蓄血證	2.7.24	a pattern/syndrome caused by stagnated blood accumulated in a meridian/channel or an organ, e.g., in the uterus, manifested by distention and pain in the lower abdomen, chills and fever, delirium or other mental disorders at night, or in the middle energizer, manifested by pain and tenderness to touch over the epigastrium
817	p6.23	blood heat pattern/syndrome	血熱證	2.7.25	a pattern/syndrome that occurs when exuberant pathogenic heat enters the blood aspect and is manifested by fever, nose-bleeds, vomiting of blood, expectoration of blood, bloody stool, skin eruptions, or advanced periods with profuse bright-red menstrual discharge, vexation, or even delirium and convulsions, deep crimson tongue and rapid string-like pulse
818	p6.24	pattern/syndrome of dual deficiency of qi and blood	氣血兩虛證	2.7.26	a pattern/syndrome marked by listlessness, lack of strength, shortness of breath, pale or sallow complexion, dizziness, dimmed vision, pale lips and nails, palpitation, insomnia, pale tongue and weak pulse
819	p6.25	qi-blood disharmony pattern/syndrome	氣血失調證	2.7.27	a pattern/syndrome resulting from disharmony of qi and blood with failure in mutual nourishing and complementing, and usually associated with persistent pain, reverse flow of qi, menstrual irregularities and chronic bleeding
820	p6.26	pattern/syndrome of qi deficiency with blood stasis	氣虛血瘀證	2.7.28	a pattern/syndrome of blood stasis resulting from qi deficiency, marked by somber pale complexion, lack of strength, shortness of breath, local stabbing pain, purplish tongue or purple spots on the tongue and sunken choppy pulse
