

研究成果の刊行一覧

1. Yamamoto, Y., Nomura, T., Kabashima, K. & Miyachi, Y. Clinical epidemiology of eosinophilic pustular folliculitis: results from a nationwide survey in Japan. *Dermatology* **230**, 87-92 (2015).
2. Nomura, T., Katoh, M., Yamamoto, Y., Kabashima, K. & Miyachi, Y. Eosinophilic pustular folliculitis: The transition in sex differences and interracial characteristics between 1965 and 2013. *The Journal of Dermatology* **42**, 343-352 (2015).
3. Ono, S., Yamamoto, Y., Otsuka, A., Kabashima, K. & Miyachi, Y. Evaluation of the Effectiveness of Antibiotics against Eosinophilic Pustular Folliculitis. *Case Reports in Dermatology* **5**, 144-147 (2013).
4. Katoh, M., Nomura, T., Miyachi, Y. & Kabashima, K. Eosinophilic pustular folliculitis: a review of the Japanese published works. *The Journal of Dermatology* **40**, 15-20 (2013).
5. Otsuka, A., Miyagawa-Hayashino, A., Walls, A.F., Miyachi, Y. & Kabashima, K. Comparison of basophil infiltration into the skin between eosinophilic pustular folliculitis and neutrophilic folliculitis. *Journal of the European Academy of Dermatology and Venereology : JEADV* **26**, 527-529 (2012).
6. Nakahigashi, K., *et al.* PGD2 induces eotaxin-3 via PPARgamma from sebocytes: a possible pathogenesis of eosinophilic pustular folliculitis. *The Journal of Allergy and Clinical Immunology* **129**, 536-543 (2012).
7. Matsumura, Y. & Miyachi, Y. Atypical clinical appearance of eosinophilic pustular folliculitis of seborrheic areas of the face. *European Journal of Dermatology : EJD* **22**, 658-662 (2012).
8. Yuki, T., *et al.* Characterization of tight junctions and their disruption by UVB in human epidermis and cultured keratinocytes. *The Journal of Investigative Dermatology* **131**, 744-752 (2011).
9. Nakahigashi, K., *et al.* Upregulation of aquaporin-3 is involved in keratinocyte proliferation and epidermal hyperplasia. *The Journal of Investigative Dermatology* **131**, 865-873 (2011).
10. Moniaga, C.S., Egawa, G., Doi, H., Miyachi, Y. & Kabashima, K. Histamine modulates the responsiveness of keratinocytes to IL-17 and TNF-alpha through the H1-receptor. *Journal of Dermatological Science* **61**, 79-81 (2011).
11. Honda, T., *et al.* Enhanced murine contact hypersensitivity by depletion of endogenous regulatory T cells in the sensitization phase. *Journal of Dermatological Science* **61**, 144-147 (2011).
12. Hirai, M., *et al.* Bortezomib suppresses function and survival of plasmacytoid dendritic cells by targeting intracellular trafficking of Toll-like receptors and endoplasmic reticulum homeostasis. *Blood* **117**, 500-509 (2011).
13. Yamamoto, Y., *et al.* Keeping vulnerable elderly patients free from pressure ulcer is associated with high caregiver burden in informal caregivers. *Journal of Evaluation in Clinical Practice* **16**, 585-589 (2010).
14. Utani, A., *et al.* Relationship between the distribution of pseudoxanthoma elasticum skin and mucous membrane lesions and cardiovascular involvement. *The Journal of Dermatology* **37**, 130-136 (2010).
15. Tomura, M., *et al.* Activated regulatory T cells are the major T cell type emigrating from the skin during a cutaneous immune response in mice. *The Journal of Clinical Investigation* **120**, 883-893 (2010).
16. Tanizaki, H., Matsumura, Y., Tokura, Y., Miyachi, Y. & Kabashima, K. A case of suppurative granuloma induced by insulin injection. *Acta Dermato-Venereologica* **90**, 540-541 (2010).
17. Tanizaki, H., *et al.* Rho-mDia1 pathway is required for adhesion, migration, and T-cell stimulation in dendritic cells. *Blood* **116**, 5875-5884 (2010).
18. Tanioka, M., Yamamoto, Y., Kato, M. & Miyachi, Y. Camouflage for patients with vitiligo vulgaris improved their quality of life. *Journal of Cosmetic Dermatology* **9**, 72-75 (2010).
19. Tanioka, M., *et al.* Evaluation of the chemosensitivity of primary cultured

- malignant melanoma cells using the collagen gel droplet-embedded culture drug sensitivity test. *Experimental and Therapeutic Medicine* **1**, 65-68 (2010).
20. Tanioka, M., Nakagawa, Y., Maruta, N. & Miyachi, Y. Cranial tuberculosis osteitis with symptomless epidural extension. *European Journal of Dermatology : EJD* **20**, 665-666 (2010).
 21. Sugita, K., *et al.* Fluctuation of blood and skin plasmacytoid dendritic cells in drug-induced hypersensitivity syndrome. *The Journal of Allergy and Clinical Immunology* **126**, 408-410 (2010).
 22. Otsuka, A., Doi, H., Miyachi, Y. & Kabashima, K. Treatment of eosinophilic pustular folliculitis with ciclosporin: suppression of mRNA expression of IL-4 and IL-13. *Journal of the European Academy of Dermatology and Venereology : JEADV* **24**, 1489-1491 (2010).
 23. Ogino, C., *et al.* Construction of protein-modified TiO₂ nanoparticles for use with ultrasound irradiation in a novel cell injuring method. *Bioorganic & Medicinal Chemistry Letters* **20**, 5320-5325 (2010).
 24. Nishimura, E.K., *et al.* Key roles for transforming growth factor beta in melanocyte stem cell maintenance. *Cell Stem Cell* **6**, 130-140 (2010).
 25. Nakamizo, S., Takahashi, K., Miyachi, Y. & Kabashima, K. A familial case of Nagashima-type palmoplantar keratosis. *European Journal of Dermatology : EJD* **20**, 507-508 (2010).
 26. Nakamizo, S., Miyachi, Y. & Kabashima, K. A case of cholinergic urticaria associated with acquired generalized hypohidrosis and abnormal neurological findings: association with incomplete Ross syndrome? *The British Journal of Dermatology* **162**, 903-905 (2010).
 27. Nakamizo, S., Miyachi, Y. & Kabashima, K. Treatment of neuropathic itch possibly due to trigeminal trophic syndrome with 0.1% topical tacrolimus and gabapentin. *Acta Dermato-Venereologica* **90**, 654-655 (2010).
 28. Nakamizo, S., Kobayashi, S., Usui, T., Miyachi, Y. & Kabashima, K. Clopidogrel-induced acute generalized exanthematous pustulosis with elevated Th17 cytokine levels as determined by a drug lymphocyte stimulation test. *The British Journal of Dermatology* **162**, 1402-1403 (2010).
 29. Nakamizo, S., Kabashima, K., Matsuyoshi, N., Takahashi, K. & Miyachi, Y. Generalized lichen nitidus successfully treated with narrowband UVB phototherapy. *European Journal of Dermatology : EJD* **20**, 816-817 (2010).
 30. Nakamizo, S., Egawa, G., Arakawa, A., Miyachi, Y. & Kabashima, K. Warfarin-induced alopecia after repeated chemotherapy. *European Journal of Dermatology : EJD* **20**, 828-829 (2010).
 31. Nakajima, S., Ohshima, K., Kyogoku, M., Miyachi, Y. & Kabashima, K. A case of intravascular large B-cell lymphoma with atypical clinical manifestations and analysis of CXCL12 and CXCR4 expression. *Archives of Dermatology* **146**, 686-687 (2010).
 32. Nakajima, S., *et al.* Prostaglandin I₂-IP signaling promotes Th1 differentiation in a mouse model of contact hypersensitivity. *Journal of Immunology* **184**, 5595-5603 (2010).
 33. Nakahigashi, K., Kabashima, K., Akiyama, H., Utani, A. & Miyachi, Y. Refractory cutaneous lichenoid sarcoidosis treated with tranilast. *Journal of the American Academy of Dermatology* **63**, 171-172 (2010).
 34. Murata, T., Miyachi, Y. & Kabashima, K. Prompt lightening of acral lentiginosis in a GIST patient after treatment with imatinib mesylate. *Journal of the European Academy of Dermatology and Venereology : JEADV* **24**, 1491-1492 (2010).
 35. Moniaga, C.S., *et al.* Flaky tail mouse denotes human atopic dermatitis in the steady state and by topical application with *Dermatophagoides pteronyssinus* extract. *The American Journal of Pathology* **176**, 2385-2393 (2010).
 36. Miyauchi, T., Miyachi, Y., Takahashi, M., Ishikawa, N. & Mori, H. Determination of urea in serum based on the combination of an enzymatic reaction with immobilized urease and ion chromatographic analysis. *Analytical Sciences : The International Journal of the Japan Society for Analytical Chemistry* **26**, 847-851

- (2010).
37. Miyata, T., Yamada, N. & Miyachi, Y. Efficacy by ulcer type and safety of lipo-PGE1 for Japanese patients with diabetic foot ulcers. *Journal of atherosclerosis and thrombosis* **17**, 805-816 (2010).
 38. Miyachi, Y., Shimizu, N., Ogino, C. & Kondo, A. Selection of DNA aptamers using atomic force microscopy. *Nucleic Acids Research* **38**, e21 (2010).
 39. Minato, H., Nishikori, M., Tanioka, M., Miyachi, Y. & Utani, A. Scleredema with diffuse pigmentation. *Journal of the European Academy of Dermatology and Venereology : JEADV* **24**, 100-101 (2010).
 40. Kambe, N., Longley, B.J., Miyachi, Y. & Kabashima, K. KIT masters mast cells in kids, too. *The Journal of Investigative Dermatology* **130**, 648-650 (2010).
 41. Honda, T., Tokura, Y., Miyachi, Y. & Kabashima, K. Prostanoid receptors as possible targets for anti-allergic drugs: recent advances in prostanoids on allergy and immunology. *Current Drug Targets* **11**, 1605-1613 (2010).
 42. Honda, T., *et al.* Compensatory role of Langerhans cells and langerin-positive dermal dendritic cells in the sensitization phase of murine contact hypersensitivity. *The Journal of Allergy and Clinical Immunology* **125**, 1154-1156 e1152 (2010).
 43. Honda, T., Miyachi, Y. & Kabashima, K. The role of regulatory T cells in contact hypersensitivity. *Recent Patents on Inflammation & Allergy Drug Discovery* **4**, 85-89 (2010).
 45. Funabiki, M., *et al.* Giant squamous cell carcinoma of the penis. *Clinical and Experimental Dermatology* **35**, e5-6 (2010).
 46. Endo, Y., *et al.* Bullous dermatosis associated with IgG antibodies specific for desmocollins. *European Journal of Dermatology : EJD* **20**, 620-625 (2010).
 47. Endo, Y., *et al.* Pemphigoid without mucosal involvement showing autoantibodies against laminin-332 gamma2 subunit. *The British Journal of Dermatology* **163**, 1120-1122 (2010).
 48. Abe, S., Kabashima, K., Moriyama, T. & Tokura, Y. Food-dependent anaphylaxis with serum IgE immunoreactive to dairy products containing high-molecular-weight proteins. *Journal of Dermatological Science* **57**, 137-140 (2010).
 49. Fujii, H., *et al.* Food-dependent exercise-induced anaphylaxis induced by low dose aspirin therapy. *Allergology International : Official Journal of the Japanese Society of Allergology* **57**, 97-98 (2008).
 50. Kabashima, K., Sakurai, T. & Miyachi, Y. Treatment of eosinophilic pustular folliculitis (Ofuji's disease) with tacrolimus ointment. *The British Journal of Dermatology* **151**, 949-950 (2004).
