8	EiOS / WHO Request for CEWG support for reviewing all of the chemical categories available in EiOS	Chair	5

9	<p>Recovery Workshop</p> <ol style="list-style-type: none"> <li>1. Objectives</li> <li>2. Programme</li> <li>3. Flyer</li> <li>4. Dates &amp; Location (Spring 2021 – Atlanta)</li> </ol> <p>ROD from last Planning Group meeting on April 30:</p> <ol style="list-style-type: none"> <li>A. All feedback should be sent to David with cc to Danny by May 15.</li> <li>B. All to review the (3) documents provided in the calendar invitation (v-8), focus should be on the Objectives and Program documents.</li> <li>C. All to identify 1 to 3 Case Studies they wish be used along with a brief rationale for each of the Sessions 2, 3 and 4 of the Program. These could be inspired by suggestions in the Program or new ones. The compilation will enable us to identify some consensus and direction for approaching speakers.</li> <li>D. All to identify a Program Session they wish to facilitate ... similar to what was done for the Boston/Opioid workshop.</li> <li>E. All agreed, to minimize the number of meetings, to extend the existing CEWG meeting on May 28 by 30 min. (i.e 2 hrs meeting) to combine regular CEWG business with the Recovery workshop planning</li> <li>F. Danny to explore with David the possibility of using a UK based virtual meeting platform to avoid the glitches encountered today.</li> <li>G. Danny to post the latest Recovery Workshop documents on the GHSI web Portal</li> </ol>	D. Russell	60
10	<p>Next meetings</p> <ol style="list-style-type: none"> <li>1. CEWG – TC meetings July 30 and Sept. 24?</li> <li>2. Meeting with OPCW?</li> </ol>	All	5
11	<p>Roundtable</p>	All	5

## ROD of GHSAG CEWG teleconference meeting

資料 2

July 29<sup>th</sup>, 2020 8:00 to 09:30 a.m. (Ottawa time: UTC -4)

#	Discussion	Decisions
1	Roll call	David Russell agreed to chair the meeting in absence of the other co-chair.
2	Introductions by Chair	David asked Danny to carry the group through the ROD from previous meeting before chairing the rest of the meeting.
3	Review of ROD from last meeting: May 28, 2020	<b>Action</b> : <b>Danny</b> to follow up again with Brian to obtain presentations delivered at their opioids workshop in addition to the program that have been shared.  <b>Danny</b> to follow up with the OPCW to inquire about next steps.  <b>David R</b> to follow up with Helge at the WHO to inquire about progress regarding the publication of the IHR guidance for chemical events.
4	Debrief from latest GHSI Coordination and Liaison Committee (CLC) and/or Senior Officials meetings	For information only <ul style="list-style-type: none"> <li>• The meeting only focussed on Covid-19 response themes like travel restrictions, border measures, supply chain for PPE, testing and quarantine.</li> <li>• There are new representatives for Italy and Canada in the Senior Official group.</li> </ul>
5	Report from each members on current work activities	For information only. <ul style="list-style-type: none"> <li>• Danny provided a description of IMS staffing process for a sustainable long term response in Canada</li> <li>• David R indicated that he does not anticipate to return to the office in this calendar year.</li> </ul>

		<ul style="list-style-type: none"> <li>• Sue is still involved in the Covid response and are not working on their regular files, maybe 50% of her time following her vacation</li> <li>• Sandro indicated that he is still working remotely and indicated that the response is scaling a bit down since their peak has passed.</li> <li>• Renée described the work of her team regarding cleaning products while preparing for hurricane season. She pointed out an article of interest in the MMWR and publication of a health alert on July 4<sup>th</sup> (later shared by Renee).</li> <li>• Luke indicated that he was part of the core clinical care unit to address query to CDC and changes to the testing strategy.</li> <li>• David J mentioned ongoing clinical trials and research projects that could potentially apply to the Covid-19 context.</li> </ul>
6	<p>Status of current workplan files:</p> <ol style="list-style-type: none"> <li>Manuscript on findings from the Boston Opioid workshop</li> <li>Planning of Recovery workshop</li> <li>IHR Guidance for chemical events</li> </ol>	<ol style="list-style-type: none"> <li>No update available on this agenda item, the project is currently on hold due to Covid-19. It will resume when situation permits. Hopefully at mid-August after Sue vacation. David R. has offered to have an offline conversation to address actions that could be done in her absence</li> <li>Timeline of Spring 2021 is ambitious given the current Covid-19 context. It was agreed to postpone until Fall 2021 and to revisit the decision to host it in person or virtually at that time if Fall 2021 becomes unrealistic as things evolve. There are many advantages to host the event in person (networking opportunities) and several logistical challenges to consider for the virtual option, including the pre-recorded presentation to run virtually.</li> <li><b>Action: David</b> to contact Helge to inquire about a potential update on the file. The last email sent in June was left unresponded.</li> </ol>
7	Discussion on future priorities given COVID context	na
8	Next meeting	Sept. 24, 2020
